**ARTIST
ILLUSTRATOR
DESIGNER**

Multidisciplinary Artist with works that have ranged from fine arts, character design, product creation, music, film production, social media content, and more.

**Buyer
Merchandiser
Social Media
Sales Associate**

Using years of art experience and various art medium knowledge to guide and aid other artists, production designers, and creatives to fulfill their project goals. Daily aspects include restocking, product placement, store design, cataloging and reporting product delivery, as well as social media updates. As Social Media Manager, I have been able to use my skills in design and analytics to create content and periodic time-specific updates. This has created a continual uptick in followers on all platforms along with creating connections with other local businesses and groups that in turn lead to our sponsorship in local events and charities.

**(US) Products:
Wix Bookings
QA Specialist
Technical Support
Support Analyst**

(U.S.) Product Liaison for Wix Booking supports, informs, and trains U.S. offices. This position requires analyzing the product/app, creating bug reports, processing and delivering feature requests, and updating US based staff on the product status. QA team required analysis, testing, troubleshooting, and reporting bugs of Wix's various products. Our team was the technical liaisons between the customer solutions team, product leads, and developers. We were responsible for documenting and escalating the details of minor issues to improve our product or customer experience.

SELF

(Coffee Drinker/Museum Goer/Movie & Music Fan)

My work has ranged and combined art, technology, and communication. My experience working in an individual, group, and corporate environment has allowed me to integrate my skills and knowledge to a wide variety of projects.

As an artist, I have learned techniques in promotion, event planning, social media, site design, and marketing. As a QA specialist and tech support, I have acquired skills in data creation and analysis, technical troubleshooting, HTML, CSS, and SQL. As a designer, I am capable of working with clients, managing deadlines, content organization, and group projects. These various professions allow me to work and understand the logical and the abstract sides of any creative business.
